Please do so on my behalf. Tell him since I no longer live nor do I have an office in Leon County I do not think it appropriate and will not have the time to serve effectively either due to our travel and some other large commitments. We will return on December 9 late and then come back down here on December 21. Hope yall are doing well. Weather great here, sunny 82 degrees and 75% humidity right now. Wind at 2mph. Best regards.

Taylor Moore has requested that a replacement be named for his seat on the Educational Facilities Authority. I have attached his email to me in that regard..

Mr. Randy Guemple has been suggested as a suitable replacement by another Authority member..He has shown interest in the Authority's development of Heritage Grove. He is a retired banker and a CPA formerly from the Orlando area.

If you need anything further please contact me.. Calvin
